The Mission Expands

Joining Hearts and Hands has been engaging Kenya and Tanzania in all aspects of our mission. All of our projects center around the well-being of children, their families and their communities. The key to our work is not to simply hand out donations, but to provide opportunities for self-sustainability. Healthy, educated children and families hold the keys to a more prosperous and productive Africa. New relationships and construction projects at three Kenyan orphanages are now underway.

Please Give Today!

Our tradition is to give gifts on special occasions to let others know we love them and that we are thinking about them. Many times the gift is not needed, but simply a sign of our love. Why not give a gift in the name of your loved one or friend. **What better way to express your love than to help save a child in Africa!!**
